

**March 2, 2026**

Dear Sir or Madam,

The Anthony Di Norcia Jr. Foundation was established in loving memory of our dear family member and friend, Tony, who tragically passed away from Neuroendocrine Prostate Cancer. Our foundation is dedicated to increasing awareness, providing education, and supporting early detection efforts for all forms of Prostate Cancer. With new medications and clinical trials continually emerging, early detection remains critical in expanding treatment options and improving outcomes for men and their families.

On Saturday, April 25, 2026, the Anthony Di Norcia Jr. Foundation will host a Car Show in Tony's honor. Tony was an avid car enthusiast who cherished spending his weekends restoring and showcasing his beloved muscle and exotic cars. As our inaugural fundraising event, this car show is a meaningful way to celebrate his passion while bringing our Naples community together to raise awareness and support for Prostate Cancer initiatives.

Enclosed, you will find additional information regarding the event, which will be held at The Yard House of Naples. We are seeking valued community partners and sponsors to help make this event impactful and successful. Your support would not only honor Tony's legacy but also contribute to an important cause that affects so many families.

We sincerely appreciate your time and consideration and look forward to the opportunity to work together. Should you have any questions, please feel free to contact Brenda Di Norcia at 239-293-1011.

With gratitude,

The Anthony Di Norcia Jr. Foundation
